DETAILED ACTION

Information Disclosure Statement

The IDSs submitted 15 March 2004, 17 August 2004, and 30 August 2004 have been considered by the Examiner.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 3-5, 22, and 26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 3-5, 22, and 26 are rendered indefinite since there is no recited steps to calculate the "batch redox" as recited in the instant claims.

Claims 2, 6-21, and 23-25 are rejected for failing to correct the deficiencies of claims 1 and 22.

Conclusion

The additional references cited on the 892 have been cited as art of interest since they are considered to be cumulative to or less than the art relied upon in the rejections above.
